Description :

PDF-f5371 | In 1909 more than one million men and their families rejoiced. A solution—breathing apparatus—had been found by W.E. Garforth which would stop thousands of men and boys being killed by underground explosions annually. However, it was to be many years before he persuaded the mine management to introduce it. This book tells the story behind the determination of William Garforth and his family, n... *The West Riding Miners and Sir William Garforth*
